## OK! HOT STORY

The couple were joined at the hip as they headed out to dinner on July 21.

**GEORGE  
& AMAL'S**

# LAST SUPPER IN ITALY

**G**eorge Clooney has been one of Italy's most popular tourist attractions ever since he bought his 18th-century villa on Lake Como in 2001. And this year, he and **Amal**, his wife of 11 months, have enjoyed a spectacular summer there, going out on the town and relaxing with family as well as Hollywood pals like

**Robert De Niro** and **Ellen Barkin**.

"The time they're spending together in Como is really special," says a source. "They're in one of the world's most beautiful places, and obviously they're having so much fun. George keeps telling friends he feels like a teenager falling in love for the first time."

Indeed, Amal, 37, and George, 54, have radiated joy and playful humor on a series of romantic date nights — and it's been reported that one of the goals of their vacation is to make a baby!

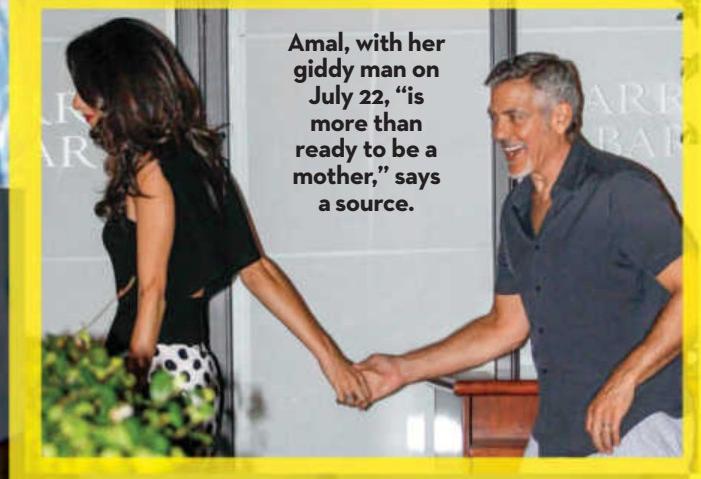

"George has never been happier; he feels like he hit the jackpot where Amal is concerned," says the insider. "And Amal loves how enthusiastic he is about the prospect of fatherhood." Friends are buzzing that the couple are "obsessed" with baby names, having already compiled a short list of both English and Arabic choices. "Amal is proud not only to be the woman who caught George after all these years," the source says, "but also the only one he's considered having kids with."

### ARRIVEDERCI, ITALIA!

The couple's Italian idyll has been a bit bittersweet, because George is planning

to put his beloved villa on the market. "He and Amal agreed London should be their base, and it doesn't make sense to hold onto the Como house," says the source. The paparazzi attention — coming from both land and water — has proved bothersome over the years, and George has reportedly received an offer of \$50 million, five times what he originally paid for the property. "It's definitely sad for George," says the insider, "but the house represents his past, and Amal and England are his future."

# DEMI'S WORST FACE SCENARIO

**S**he had her hat pulled low and her glasses on, but **Demi Moore** couldn't disguise her startlingly haggard appearance when she stepped out in New York City on July 20 for a shopping spree with daughter **Scout**.

After decades during which the 52-year-old actress defied her age with a reported mix of procedures — including liposuction, fillers, Botox and implants — Demi's fountain of youth appears to be running dry; her face looked red and lumpy rather than tight and flawless.

"She may have just had a peel that elicited a dermatologic reaction," says Dr. John G. Westine of Delray Beach Plastic Surgery in Florida, who has not treated the actress, of Demi's blotchy skin, while the welts "could be from a filler, or perhaps she had a mole or skin

lesion that was shaved or lasered, and it's a bit inflamed."

Whatever the causes, Demi — who was also coping that day with the shocking news that a man had drowned in a tragic accident at her Beverly Hills home while she was out of town — is having trouble coming to terms with aging, according to a source close to the actress. "She was drop-dead gorgeous back in the day," says the insider, "and now she feels pressure to look just as good."

It doesn't help that Demi is intent on dating much younger men, like 28-year-old rocker **Sean Friday**, or that her 37-year-old ex, **Ashton Kutcher**, has moved on to become a dad with wife

**"At 26, Demi was on top of the world," says a source. "Now everyone is raving about her 26-year-old daughter, Rumer, and she feels an enormous amount of pressure to get her fading looks back."**

**Mila Kunis.** And as thrilled as she is by daughter **Rumer Willis'** triumph on *Dancing with the Stars*, it's yet another reminder to Demi that she's no longer in the spotlight. "Demi feels old," says the insider, "and she's starting to look it — tired and gaunt." Indeed, the actress

confessed in a frank discussion a few years ago about body changes and aging, that "I never imagined somebody would be saying to me, 'You're too thin, and you don't look good!'"

If Demi can't make peace with looking gorgeous for her age, there may be an easier solution, says the source: "Her plastic surgeon should be fired!"

## BRITNEY'S BIOPIC DREAM

Britney Spears is looking for some major Hollywood respect! The singer, 33, has often been approached about turning her life into a movie, though the offers tend to focus on her "white-trash upbringing, breakdown and tumultuous marriages," says an insider. But Brit and her manager dad, Jamie, are shopping around something more Oscar-caliber, adds our source — like *Ray* or *What's Love Got to Do with It*, starring an A-list actress. And how about Ben Affleck as her ex Kevin Federline? Hey, a girl can dream!

## CAITLYN'S SURGERY OBSESSION

The source says Caitlyn's tab could pass \$1 million before she's happy.

"Money is no object for Cait," explains the source. "She wants to be the most beautiful and youthful version of herself, and the only way she can get it is with surgery."

It's been less than two months since Caitlyn Jenner's big reveal on the cover of *Vanity Fair*, but it's quickly becoming apparent that she's not going for the natural look. An insider estimates that the glamor queen has already amassed a \$500,000 bill from cosmetic surgeries alone. Cait is hooked! "She's had everything from Botox to laser peels, nose jobs and silicone and collagen implants," dishes the source. She also hasn't hesitated when it comes to copying her famous stepdaughters' style. "Cait had no qualms about dropping 25 grand on breast implants," says the source, adding that Caitlyn has always lusted after the signature Kardashian bum "and spent \$150,000 to get it." Caitlyn's beauty bill will only increase as she's faced with the daunting task of upkeep. "She plans to get filler injections in her face and neck every 12 weeks," says the source. As for

her body, there's still work left there too. Adds the source: "She wants to get her calves sculpted to give her legs a more delicate look, which can cost tens of thousands of dollars." Sounds like drinks are on Cait's plastic surgeon!

# RIHANNA SLAMS TAYLOR!

RiRi, who's been in New York recording her new album, "thinks Taylor can dish it out but can't take it," says an insider.

**T**here's a juicy feud brewing, and it's one Taylor Swift may not be able to shake off easily. Sources say **Rihanna**, annoyed by the veiled swipe at close pal **Katy Perry** in Taylor's recent hit "Bad Blood," is recording a song about "kiss and tell" women, designed to dis the famously relationship-challenged country/pop star. Although Katy wasn't named in "Bad Blood," Taylor admitted the tune was about a female artist she now "has to avoid" — and the two singers have clashed over backup dancers both wanted on their tours. Now Rihanna, who had previously steered clear of the whole argument, has jumped in feet first. "Ri is protective of Katy and bugged by Taylor's growing good-girl clique," says an insider. "Her song will be an aggressive club anthem with a video that's just as brutal as 'Bad Blood,' and it'll be very obvious that it's about Taylor." She hasn't told Katy about her specific plans, the source adds, "but Katy is aware that Rihanna wants to do something," the source adds. As for Taylor's next move? Rihanna "couldn't care less," the source says.

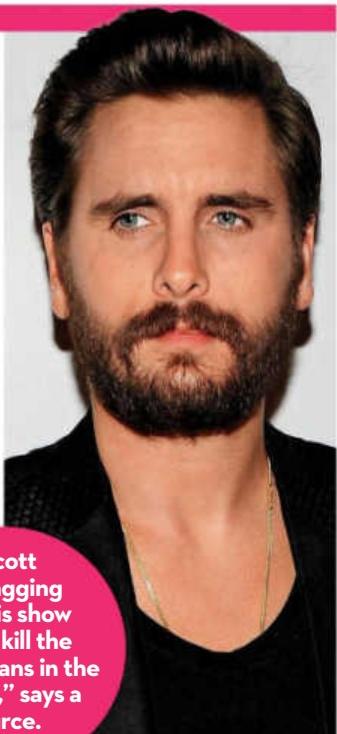

"She's not worried about backlash. She knows Taylor's intimidated by her."

## COMING SOON... THE SCOTT SHOW!

Who needs those camera-hogging **Kardashians**, anyway? Not **Scott Disick**, who, since his split from baby mama **Kourtney**, is hammering out a deal, sources say, for his own reality series with some of the producers who work on *Keeping Up with the Kardashians*. "It'll focus on his new life as a single dad, mixed with his wild lifestyle," says an insider. It can't come a moment too soon for the party promoter, who has resorted to renting out his Beverly Hills house as a music-video location and whose credit card was turned down at a bar in Monaco, says another source, noting: "Kourtney was clearly in control of their cash."

"Scott is bragging that his show would kill the Kardashians in the ratings," says a source.

## JEREMY NEEDS A ROOMIE

**Jeremy Renner** has called rumors that he's gay as a sign he's "arrived" as a movie star. But after his divorce from wife **Sonni Pacheco** and custody battle for their daughter, **Ava**, 2, "he wants to nip the gossip in the bud," says a source. That means telling his BFF **Kristoffer Winters** — with whom he's lived for years in houses they fixed up and flipped as a team — to get his own place. The actor's rep denies it, but the source maintains, "Jeremy was nice about it, but he kicked Kris out." He's taking a cue from his *Mission: Impossible* pal **Tom Cruise**, who's squashed his own share of rumors. Adds the source. "Tom is always advising Jeremy to live a drama-free life."

# KIM'S PREGNANCY FASHION FAILS

Kim Kardashian needs a maternity-wear intervention! Despite harsh criticism of both her outfits and her 50-pound weight gain during her pregnancy with daughter **North**, the five-months-pregnant fashionista, who's expecting a boy this time around, is making all the same mistakes again. "Kim has been squeezing into latex and skintight dresses, and she refuses to give up wearing heels," says a source. "She's having meetings with her stylists to see how she can catch everyone's attention next." One such move is a nude pregnancy shoot she and husband **Kanye West** are planning, says the insider, adding, "Kanye's really into fishnet and mesh right now, so Kim will likely be cramming into more less-than-favorable looks."

"She's forgotten all about the scrutiny she endured with North," says a source.

## NAOMI'S FASHION SHOW TANTRUM

She may not have been strutting down the catwalk, but at the July 7 Armani Privé show in Paris, **Naomi Watts** unsheathed her claws! After demanding the best seat in the house, the 46-year-old star refused to talk to any reporters. "She had an arrogant way of letting her team talk for her and not answering questions, even when someone was speaking directly to her," a source tells OK!. "There were a ton of very famous French actresses getting a lot of attention too, and it was clear Naomi was jealous." The actress decided to bolt midshow, claiming that she had to get back home to her kids. However, the source says the real reason she ditched was that "all eyes weren't on her." Well, that certainly doesn't sound like model behavior, Naomi!

"It was obvious what the real issue was," a source shares. "She wasn't the center of attention, so she behaved like a child."

**PURSE PROTECTOR**  
On July 15, she again awkwardly held a handbag while out in NYC.

"They can't wait to tell everyone the good news," the source says. "But they're guarding it closely for now."

# Beyoncé PREGNANT!

Not long after welcoming daughter **Blue Ivy** in January 2012, **Beyoncé** noted how "motherhood [had] changed everything" for her, and Jay Z, 45, expressed his desire to have a "little basketball team" with his wife. But years have passed with nary a peep about an addition to their family — until now. Though the couple are not ready to announce it publicly, a source tells **OK!** that after rounds of IVF treatments, the 33-year-old singer is finally expecting!

"Even though she's barely showing, she's paranoid that someone will pick up on it, so she's hiding her stomach whenever she goes out," the source says, noting Beyoncé's fear of another miscarriage (she discussed the traumatic experience of losing a baby in her 2013 HBO documentary, *Life Is But a Dream*). "They've gone through so much to get here

that they don't want to jinx it by telling everyone before the three-month mark."

And when they do let friends and fans in on their good news, they want to do it in a creative way — just as they do with every big announcement in their lives. At the 2011 VMAs, Beyoncé dramatically revealed her first pregnancy by ripping open her sequin blazer at the end of a performance and rubbing her exposed baby bump. This time around, "they'd love to involve Blue," the source says, "because they know how much she wants a little brother or sister."

"They've been trying for a while, and it was so hard when it wasn't happening," the source adds. "They both desperately wanted another child and feel so lucky. But they definitely won't tell everyone with just a statement — that's not their vibe."

# Kate's JEALOUS RAGE

"Kate was upset that Matt didn't tell her about Elle," the source says.

**M**oving on is hard to do — just ask **Kate Hudson**. Sources say that when Kate, 36, saw photos of ex-fiancé **Matt Bellamy**, 37, with new girlfriend **Elle Evans**, 25, she flipped, immediately calling him and demanding to meet Elle. (He refused, saying it's too soon.) Kate, who's been seen out with **Derek Hough**, 30, lately, "still considers Matt her territory," the source says. "She has one rule for herself and another for everyone else." Matt and Kate broke off their engagement last December but share a son, **Bingham**, 4 — and recently vacationed together as a family. "She feels she has a right to know and to even approve who her exes introduce to the kids," the insider says. "But her friends think she's just jealous."

Matt's new lady found fame in the "Blurred Lines" video.

## George & Channing's DOUBLE DATES!

Seems like **George Clooney**'s latest costar, **Channing Tatum**, had no trouble filling the shoes of George's ex-bestie, **Brad Pitt**. A source says that since becoming friends while filming *Hail, Caesar!*, George, 54, and Channing, 35, have made plans to double-date with their respective wives, **Amal**, 37, and **Jenna**, 34. "They have the same sense of humor," says an insider who worked on set. The source adds that George was also impressed by Channing's acting and would like to work with him again, so they are eager for their wives to hit it off. "Jenna was a little nervous, but Channing told her how down-to-earth George is," the source says. We're guessing tequila shots will be on the menu!

Prankster Channing "put hot sauce in George's coffee and Saran Wrap on the toilet seat in his trailer," a source says. "George loves immature games."

David and the kids fly to L.A. every chance they get, the source says.

## Posh & Becks' HOME-BASE BATTLE

It's a house divided, as **Victoria** and **David Beckham** struggle to decide where to live full-time. Since moving from Los Angeles back to the U.K. in 2013, the family haven't adjusted and are begging Victoria, 41, to reconsider. David, 40, "prefers life in L.A.," a close pal says, "but Posh is London through and through." The source says that while **Harper**, 4, is too young to know the difference, the Beckham boys — **Brooklyn**, 16, **Romeo**, 12, and **Cruz**, 10 — are also on Team California, as they've basically grown up there. But Posh wants to be closer to her fashion house headquarters in England's capital. Guess L.A.'s just not her cup of tea!

"Both of them are from Canada, so that helped break the ice," the source says. "After filming they plan to meet each other's families."

Dishnation.com got this snap of the pair at brunch on July 18.

## Rachel & Taylor

# IT'S ON!

**R**achel McAdams knows that rules are made to be broken! After a gut-wrenching breakup with her *The Notebook* leading man, **Ryan Gosling**, a source says that the actress, 36, "swore off dating costars." But when she met hunky *True Detective* colleague **Taylor Kitsch**, 34, all bets were off. Though the relationship is still new, the source says, "Their connection has only grown. Taylor is taken with Rachel's wisdom and how down-to-earth she is after all her success. He's telling friends he can see it becoming long-term." After the pair were spotted on several dates — including a brunch outing in Marina del Rey, Calif., July 18 at which both had serious bedhead — Rachel acknowledged the new romance in an interview, saying, "Weird, right? Bizarre... it's an odd little thing." Though not exactly a confirmation, an insider insists, "She's smitten!"

A source says Miley has "dialed back her pot smoking" thanks to Stella.

## Cam & Benji's IVF PLANS

Swimming in the Aboriginal fertility waters of Kununurra, Australia, may have worked for **Nicole Kidman**, but after trying homeopathic tricks to get pregnant without success, **Cameron Diaz** and **Benji Madden**, 36, are turning to modern medicine. "Cam is a fan of New Age health and wellness practices," says a source. "But she's facing the reality that things like acupuncture simply aren't helping her." The source says Cam, 42, knows that her age may be one big obstacle standing in the way of conceiving: "At this point, they just want a baby ASAP."

A source says the couple are closer than ever: "They're in this together."

## Miley & Stella GETTING SERIOUS

Has **Miley Cyrus** been tamed? A source says that the pop star's relationship with Victoria's Secret model **Stella Maxwell**, 24, is not only serious — "They're officially exclusive, and Stella has moved in" — but also the inspiration for the wild child, 22, to settle down. "Miley's not partying as much now," says a source. "They do yoga and cuddle up to watch their favorite shows." While some fear Stella could be using Miley, the source adds that the singer seems truly happy: "No one would be surprised if she did something crazy, like eloping to Vegas." Now, that sounds like the Miley we know!

## Tamra's Son **SHOCKING ARREST**

Real Housewife of Orange County **Tamra Judge's** son, **Ryan Vieth**, is in hot water again after an arrest June 28 on domestic violence charges. At 11:52 PM the previous day, his fiancée, **Sarah Rodriguez**, made a 911 call reporting a drunk 29-year-old male had hit her; Ryan, who shares daughter **Ava**, 5 months, with Sarah, was later taken into custody. Charges were later dropped, but Tamra admitted she's "hurt and disappointed." Behind the scenes, a source says Tamra's reeling that she defended him when ex-girlfriend **Daniella Kelley** sought a temporary restraining order in 2011. "Tamra's always enabled him," the source says. "She's embarrassed."

## Amy **LIPS SEALED ON NICK**

**Amy Poehler** is famous for her warm, accessible brand of celebrity — but sources say her boyfriend, **Nick Kroll**, doesn't approve! The Parks and Recreation star, 43, has been unusually tight-lipped about her personal life lately, even batting away innocuous questions about her two sons, **Archie**, 6, and **Abel**, 4, from her previous marriage to **Will Arnett**. Now sources say Nick, 37, and his wealthy family — his businessman father, **Jules B. Kroll**, is worth \$1.5 billion — are micromanaging Amy's public persona. "The last thing they want is for her to expose them or mock them somehow," says an insider. "Amy's been an open book in the past and hates being the awkward, pain-in-the-butt celeb, but now she wants to keep the 'in-laws' happy!"

Kelly has said she previously relied on her career for her self-worth, but now she says, "I'm more than that. I'm a mother and a wife."

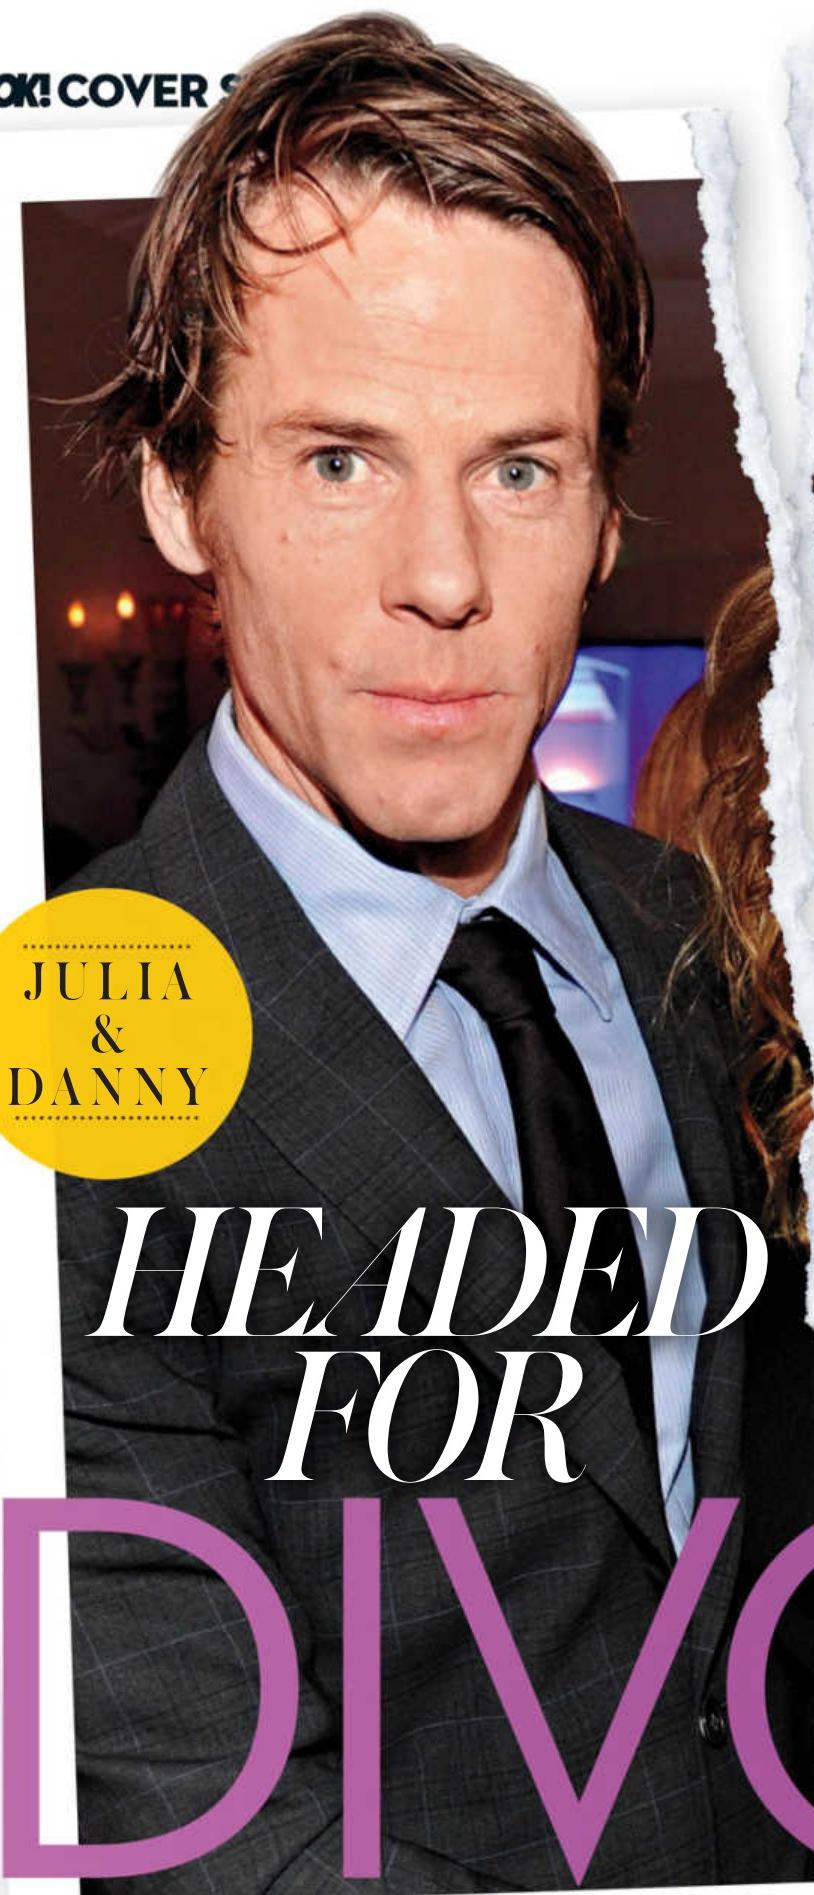

## Kelly & Brandon **TRYING FOR BABY**

Even though she's back on tour through October, **Kelly Clarkson** is itching to be pregnant again. She and husband **Brandon Blackstock**, 38, welcomed daughter **River Rose**, in June of last year, but a source says she's "always wanted to have her children in close order." The insider adds that the couple would "love to get pregnant sooner rather than later," which is partly why Kelly, 33, hasn't been concerned about shedding baby weight since River's birth. She's more worried about morning sickness while on tour (she's joked about vomiting a lot during her first pregnancy). Still, "she feels the blessing of a child will be worth it," the source says. "They can't wait for their second baby — they're both hoping for a boy this time!"

JULIA  
&  
DANNY

# HEADED FOR DIVORCE

"It kills Danny to think about how all the arguing has been affecting their kids," a source says of Hazel, Phinnaeus, and Henry (above with their parents in April 2014). "Things have gotten bad enough that he thinks the kids would be better off if he and Julia split."

## AFTER 13 YEARS OF MARRIAGE, **JULIA** **ROBERTS** AND **DANNY** **MODER** ARE ON THE VERGE OF CALLING IT QUITs

**W**hen **Julia Roberts** married **Danny Moder** in a surprise 2002

ceremony at her ranch in Taos, N.M., her friends, family and fans thought that the romantically peripatetic Pretty Woman had finally found a lasting love. But more than a dozen years later, the once smitten pair — parents of **Hazel** and **Phinnaeus**, 10, and **Henry**, 8 — are rarely seen together, and a pal says they're quietly laying the groundwork for what they hope will be a quickie divorce.

"Danny just doesn't feel like they have a true partnership," the friend explains. Ever since they met while shooting 2001's *The Mexican* — Danny, 46, was a cameraman, and Julia, 47, was the star — "it's been her way or the highway." And after so much time spent playing second fiddle to the actress, "he's had enough."

### NOTHING LIKE **NOTTING HILL**

While the beginning of their relationship may have seemed, in some ways, to mirror the plot of Julia's 1999 movie *Notting Hill*, which sees an A-list actress fall for

a regular bloke in England (with the exception that Danny, unlike **Hugh Grant**'s average-Joe character, was already married, to makeup artist **Vera Steinberg Moder**, when he met the superstar), it turns out that life with Julia isn't exactly a romantic comedy.

"Julia is a very emotional person," the friend says. "She can be screaming one minute and then apologizing the next. It's not the way Danny likes to deal with disagreements. Every time she gets on her high horse about something and yells at him, he vows it'll be the last time he lets her treat him like dirt. But then she says sorry, and he gets a glimpse of the Julia he married, and it makes him want to keep trying."

### RELATIONSHIP 911

To that end, the couple have spent the past two years in marriage counseling; but the pal says that they've made little progress: "Julia's used therapy as an opportunity to vent all her anger and frustrations." In fact, as Julia "goes off on rant after rant, pointing the finger at Danny at every opportunity," he can hardly get a word in edgewise, the source says. "It's as if she can't see her own faults."

Only recently has Julia begun to understand how much trouble her marriage is in. "Even after all this time, Danny has only rarely raised

## GRIEVING ALONE

When Julia's beloved mother, Betty Lou Bredemus, passed away from lung cancer earlier this year, she couldn't rely on her husband. Not only did Danny skip the memorial, but he was seen surfing as friends helped the star sort through her mother's belongings.

Julia attended the May memorial sans Danny...

...and he was seen surfing on Feb. 20, just one day after his mother-in-law died.

"HE'S WANTED TO LEAVE HER SO MANY TIMES BEFORE. BUT HE REALLY BELIEVES IN 'FOR BETTER OR FOR WORSE'"

year (see sidebar). "People have been saying that he hasn't been supportive enough during this difficult time," the friend explains, "but honestly, he feels like he's dedicated his life to being a good husband and father, and that the support he offers isn't reciprocated."

Even their trip to Cabo San Lucas, Mexico, in June, meant to be a chance to reconnect, wasn't enough to repair their relationship. "Losing her mom made Julia appreciate her family," the friend says, "and she told Danny she could finally see what was really important." Maybe so, but, as the friend says, a leopard can't change its spots: "She was a new woman in Mexico — sweet, attentive, kind and loving. But the minute they returned, it was back to reality. They hit a big bump."

# FIRE SALE!

JULIA IS UNLOADING TWO HOMES IN PREPARATION FOR THE SPLIT.

Their Hawaii compound is listed for \$30 million.

The main house can be rented for \$1,500 a night!

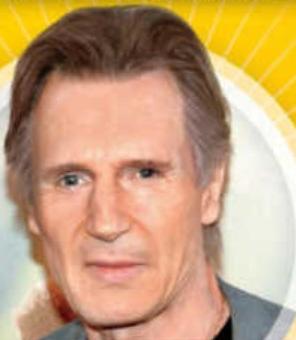

There's a six-bedroom house and a cottage.

KAUAI, HAWAII

Over the past few months, Julia and Danny have put two of their homes on the market, a move that stars sometimes make in advance of a split to simplify their finances. "It's a definite sign that things are not good," a friend says. "She loves these houses. But selling them now means fewer messy transactions that need to be completed before a divorce can be finalized." (Plus, she may get a better price if buyers don't realize how eager she is to sell.)

# SINGLE AGAIN?

A LOOK AT THE PRETTY WOMAN'S SCANDAL-PLAGUED ROMANTIC PAST

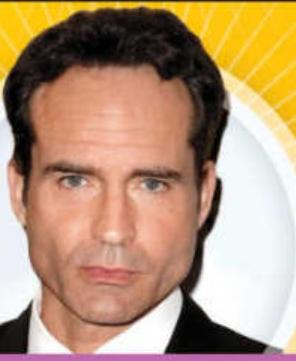

**LIAM NEESON** Julia was 19 when she started dating *Satisfaction* costar Liam, then 35, in 1987. They lived together, until...

**DYLAN MCDERMOTT** ...she fell for *Steel Magnolias* castmate Dylan, to whom she was engaged in 1988.

**KIEFER SUTHERLAND** Julia also made plans to marry *Flatliners* costar Kiefer. In 1991, days before the wedding...

**JASON PATRIC** ...she fled to Dublin with Jason, who'd been one of Kiefer's best friends!

**LYLE LOVETT** In 1993, 25-year-old Julia married country singer Lyle. They split after 21 months.

**BENJAMIN BRATT** She dated Benjamin for four years, beginning in 1998, leaving him after she met Danny!

Still, the source says, Julia's having trouble letting go: "She's all about trying to patch things up, but Danny doesn't think there's anything to fix."

## COURTROOM DRAMA?

Ironically, Julia's desire to win Danny back might make her go easy on him

over the next few weeks — especially if he seems intent on splitting up. "He would want joint custody of the kids, something she might actually go along with at first to appease him," the friend says. "But he wouldn't put it past her to agree to one thing to his face and then go behind his back and file for full

custody. He's well aware how quickly she can snap, so if they do break up, he knows it would only be a matter of time before she starts fighting back."

Also at issue? Her vast fortune. With a reported net worth of more than \$225 million, Julia might have to pay Danny a pretty penny in a divorce, even if he's the one who wants to split. In fact, she's already begun to unload houses (see sidebar), perhaps in preparation for a settlement.

"Right now," the friend says, "things are actually pretty calm. But there's virtually no chance that it will stay that way if they move to divorce, especially considering her nasty temper." Even if Julia keeps her anger in check, the couple have been together so long and there's so much at stake that it's guaranteed to get messy — and probably sooner rather than later.

"It's going to get ugly," the pal predicts, "whether they want it to or not."

Their West Village pad is listed for \$4.5 million.

**THE ANTI-BEN?**  
A "harmless flirtation" with costar Martin is "the perfect thing to distract Jen right now," says a source.

# Picking The Pie

THREE WEEKS AFTER ANNOUNCING HER DIVORCE FROM **BEN AFFLECK**, **JENNIFER GARNER** IS PUTTING ON A BRAVE FACE AND GETTING BACK ON TRACK

You won't catch **Jennifer Garner** cracking open a pint of woe-is-me ice cream. The actress surprised many of her fans by returning to work less than a week after she and soon-to-be ex-husband **Ben Affleck** announced they were divorcing following a decade of marriage. On July 6, Jen, 43, appeared calm and focused as she was photographed on the Atlanta set of her new movie *Miracles from Heaven* — and insiders reveal that her renewed sense of purpose is no surprise. "Jen is determined to move on," explains a source. "For years, she fought to save her marriage and be the best wife and mother she could be. Now that the relationship's over, she's putting it behind her. She's done."

## BACK TO BUSINESS

Ben may have taken home the Oscar for Best Screenplay in 1997 — an award he shared with longtime pal **Matt Damon** — but when sparks first flew

# Up ces

with Jen in 2004, his career was at an all-time low. The previous year he'd won a Razzie Award for his body of work, which included the megaflop *Gigli*.

Jen, meanwhile, was a hot Hollywood commodity, thanks to the success of *Alias* and a blossoming movie career. But in the years that followed, it was Jen who put her career on the back burner to care for the couple's children, **Violet**, 9, **Seraphina**, 6, and **Samuel**, 3, giving Ben the opportunity for a major career comeback. But by this spring, it became clear that Jen was itching for a bit of a role reversal. "I've been home for a long time," she told reporters. "It's my turn, and I'm going to go to work this spring and summer."

## HOUSE-BOUND

Ben and Jen's intended "commitment to coparenting" apparently involves living too close for comfort, on their once shared estate — where Ben will reportedly have his own space (left) for visits with the kids.

On the heels of the couple's separation, being back on set has been a saving grace for Jen. "She's so busy that she doesn't have time to dwell on the past," the source tells OK!. "The past few years have been the most emotionally exhausting of her life, and there is a part of her that's relieved not to have to fight anymore. Now she can focus on career and build a new future for herself without Ben."

## FACING FORWARD

Sources say Jen has not only welcomed the distraction of her substantial new role but also thrown herself into a budding friendship with hunky, sensitive costar **Martin Henderson**,

who's told her how much he admires her work and her positivity during such a difficult time.

"More than anything, Jen just needs a friend right now," says a source. "Her flirtation and growing bond with Martin is just the thing to distract her."

And while Jen has no plans to jump back on the dating train, Martin's attention has offered just the self-esteem boost she needed. "Ben always indirectly made her feel like she wasn't sexy enough, but Martin is so warm and complimentary without crossing the line," the source says. "Jen's in a good head space. As her friends joke, after all these years, Jen is getting her groove back!"

### WORKING OVERTIME

When not filming *Live by Night*, workaholic Ben kept himself busy with *Batman v Superman* appearances at Comic-Con.

### DAZED AND CONFUSED

On July 20, Ben clung to son Samuel — and the vestiges of his marriage — as he sported his wedding band for the sake, sources say, of not confusing his kids.

Jenelle Evans is finally getting her happy ending. The *Teen Mom 2* star, 23, has weathered her share of hurdles: pregnancy at 16, drug addiction, jail time, a failed marriage, a broken engagement and an ever-tumultuous relationship with her mother, **Barbara**, who's had custody of **Jace**, 6, since he was born. Now working toward a career as a medical assistant, the reality star is committed to getting her life back on track and repairing her relationship with on-again fiancé **Nathan Griffiths** (father of her 1-year-old son, **Kaiser**) following a domestic-violence dispute in May, which led to her arrest. Jenelle visited NYC's RK Bridal with *OK!* and talked about her plans for the wedding and beyond.

#### **Why did you and Nathan decide to get back together?**

We wanted to work things out with our family. We're actually happy we took a break to realize what we were missing. We're back to being best friends.

#### **Has it been a struggle to forgive Nathan for filing a police report against you?**

The state pressed charges, not Nathan. It's in our past, and we're moving on.

#### **How are you working on your problems?**

We've been spending time together — and apart. We are honest and open about everything having to do with our relationship — who we talk to, etc. We are over the jealousy and trust issues.

Jenelle and Nathan last month and (left) with Kaiser, celebrating Jace's graduation from kindergarten in June.

#### **Have you set a date yet?**

We're not rushing it; Nathan hasn't even fully moved back in yet. We're looking into next summer.

#### **Describe your dream wedding.**

Definitely a beach setting with a backyard-type reception. I want both of my sons to be in the wedding.

#### **You were married to Courtland Rogers, but it ended badly. What did you learn?**

I learned that you can't see a fantasy and expect that is what's going to happen. You have to take reality as it comes.

#### **What makes you more optimistic about marrying Nathan?**

Nathan's a fantastic father. He helps with chores, and he's not lazy about anything.

#### **Are you still trying to get custody of Jace from your mom?**

Yeah. We're working on that now.

#### **Is your relationship with her better too?**

Yes. In the past, I'd lash out at her immediately. Now I know how to

bite my tongue. I feel stronger and wiser, and I'm working toward a future for my family. **OK!**

BLAKE &amp; MIRANDA

# WHAT WENT WRONG

**B**y the time a troubled celebrity couple issues a divorce announcement, a maelstrom of drama, fighting and accusations has usually been swirling for years. Such was the case with **Miranda Lambert**, 31, and **Blake Shelton**, 39, who announced their split in late July after four years of marriage — and a picturesque-seeming life on an Oklahoma farm that they often went out of their way to depict as blissful. They were so forward-thinking about the split, in fact, that on the day of their joint statement, an Oklahoma judge had already declared the divorce final.

But while cheating scandals, tension over Blake's drinking and clashing schedules had long plagued their marriage, sources say the official end brought surprises — foremost of which was the fact that Blake filed first.

"The final straw for Blake was Miranda's flirtation with **Chris Young**," says a source of the country crooner, who's been a friend of Blake and Miranda

for years — but whose three separate tours alongside Miranda between 2010 and 2012 led to an extraspecial friendship. Their tandem performance in March at Nashville pub Losers Bar bubbled over with chemistry, according to witnesses — an undeniable fact that a source says "enraged" Blake: "He hates feeling like an idiot, and he feels that's exactly what Miranda has done to him."

Chris took to Twitter to deny any part in the breakup, insisting, "[Blake and Miranda] are both my friends, and I would not betray

"Their relationship was anything but perfect," says a source.

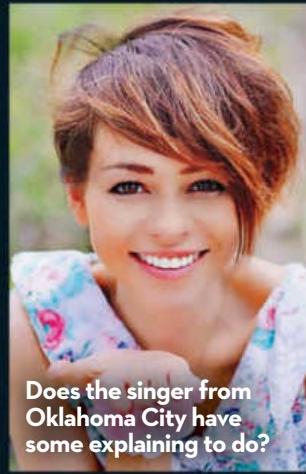

Following the announcement, Miranda kept her spirits up by surprising fans at Ashley Monroe's Nashville show.

that friendship." But sources say jealousy had long been a prominent theme in the relationship — which began when Blake was married to **Kaynette Williams** and Miranda was seriously involved with singer **Jeff Allen**. Allegations of Blake's affair with 25-year-old singer **Cady Groves** — whom sources claim Blake was seeing for nearly the entirety of his marriage — never quite died down, especially in the wake of at least three other accounts by women who had claimed to capture Blake's romantic attention.

"Blake and Miranda have had more drama than most marriages have in a lifetime," says an insider. "The jealousy had taken over. Miranda would constantly monitor Blake's phone and ask him where he was and who he was with."

As for the effusive praise the stars have offered each other over the years? The insider says, "There's no denying that when it was good it was really good. But when it was bad, it was the worst. It's amazing they lasted this long." **OK!**

Does the singer from Oklahoma City have some explaining to do?

## His & Hers AFFAIRS?

Cady Groves, long suspected of stealing Blake's affection, posted a series of cryptic tweets two days after the divorce announcement, including, "After all these years, it's you — always was: always will be." Miranda's latest rumored affair was with singer **Jamey Johnson**, an especially close friend of Blake.

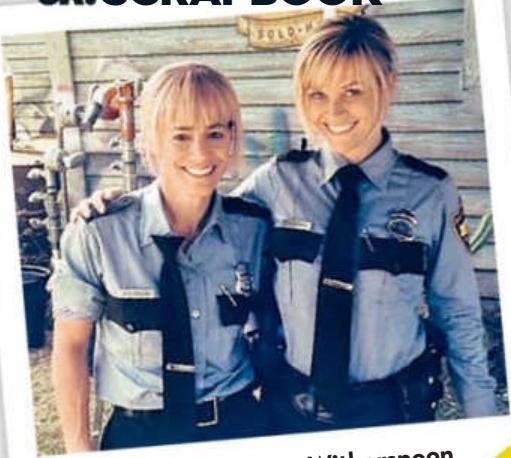

Miranda allegedly couldn't resist that enticing chin 'fro.

## TINY BOD, BIG PROBLEM

Miranda's mind-blowing slim-down over the past year should have added some spice to her marriage — but insiders say it actually had the opposite effect! "Miranda became obsessed with not only what she was eating but Blake's diet too, and it really turned him off." The source adds that while Blake "thought Miranda looked great," he "couldn't stand being told what he should eat."

# GROWING UP DOESN'T SCARE ME

STARING DOWN 30, THE ACTRESS SAYS SHE'S EXCITED FOR BIG ROLES, REAL LOVE AND THE PAYOFF FROM YEARS OF HARD WORK

**S**he has already played a wealth of characters, ranging from a dim-witted Mean Girl to 1970s porn star **Linda Lovelace**, but **Amanda Seyfried** is always looking for new challenges. "Before, I recognized myself in every role and didn't know if I could see myself playing someone really different," says the 29-year-old, who started acting at 15 on *As the World Turns*. "Now I can, and that comes with age — and wisdom, maybe." In fact, this native of Allentown, Pa., has a lot of big

plans for the next phase of her life, including starting a family; she's been dating **Justin Long**, 37, for close to two years now. Amanda opens up about what she has learned — and from whom she has learned it.

**You'll be 30 in December. Are you scared? Or maybe excited?**

I think excited more than anything. Growing up doesn't scare me. It means a new chapter for your life and career. I feel like I've worked really

hard for so long, 14 years, to get to a more assured place. Although I still can't watch myself onscreen.

**You don't watch your own movies?**

I'm too critical; it's a problem with me. I really should just be doing plays, because then I'll never be able to see [the work], I'll just live it.

**Did you feel you weren't taken seriously in your early acting days?**

Of course — I was totally pigeonholed as the dumb blonde after *Mean Girls*. But it's different now. And *Mean Girls* was amazing for me, it gave me so much. I was 18, I had no clue what to do with my life; it was either *Mean Girls* or college, so it gave me direction.

**Did Mark Wahlberg really dognap your pet, Finn, from the set of *Ted 2*?**

I still can't believe he did that! I'm still having flashbacks! It just killed me. And all I did to him was jump out and try

# CAREER-MAKING ROLES

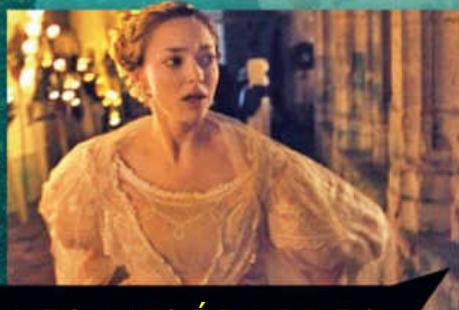

## MEAN GIRLS

In her first movie, Amanda played one of the cool-clique Plastics opposite **Lindsay Lohan**.

## MAMMA MIA!

She sang one of the most iconic roles as Cosette in the film version of **Victor Hugo's** novel.

Amanda (with **Neil Patrick Harris**) loves the comedy of **Seth MacFarlane**.

to scare him; such innocent stuff. He took it to another level. God, he's good.

### How important is it to keep your personal life private?

I'll talk about what's going on with Justin. I'm really, really lucky; he is so light, warm and funny. There was a time, though, when I would talk about things in interviews and then it would come back to me over and over. I learned a lot from **Meryl Streep** about separating life from career. There's a

way of doing it, and she's so lovely and charismatic and charming.

### Do you see yourself pulling back from work to focus on other parts of life?

I don't know; it's really about being happy with the now, and I feel like things are good right now. But I know I'll work less and less as I get older, and I'd like my priorities to shift toward family — that would be really fantastic to experience.

RIHANNA'S

FANCY FEET

Only she could make socks edgy! (Sorry, **Rob Kardashian.**) As the new contributing creative director of Stance, **Rihanna's** latest challenge to her fans is to "upgrade your sock game" with look-at-me hosiery. As a sneak peek, she launched two graphic limited-edition sets, including the over-the-knee newspaper and humorous movie-poster-inspired style she wears here (Murder Rih Wrote OTK Sock, \$26; [stance.com](http://stance.com)). "There are three socks in a pack, each designed differently so you can switch up the pair you wear," she explains, encouraging fashionistas to mix and match and even wear them with pumps. Look out for more sock inspiration — and a wide range of funky, interesting patterns — this fall, when her complete collection is unveiled.

# Summer Skin Q&A

We grilled Dr. Harold Lancer, dermatologist to stars like Kim Kardashian and Megan Fox (left), for answers to all of our burning (itching, stinging and breaking-out) questions.

**Q: All of this season's sunscreen is making my skin irritated and broken out — help!**

**A:** Steer clear of sunscreens that contain mineral oil. It's sometimes used as a thickener but it can quickly clog pores on the face. Lightweight, water-based formulas are best for breakout-prone skin. And skip aerosol-spray dispensers — they can dry out the skin. The most important thing, though, is to thoroughly cleanse after a day of sunscreen application.

**Q: I'm so oily. Is there anything I can do differently with my skin-care routine?**

**A:** You may be over-drying your skin. Many people with excessive oiliness are actually creating an environment on the skin that causes it to produce more oil. A gentle, non-foaming cleanser and gel-based moisturizer can help.

**Q: Eek, I got a sunburn. Now what?**

Treat it with aloe vera, which helps the skin repair itself. Cold packs and ibuprofen can also help calm inflammation and make you feel more comfortable.

# GET FIT WITH DENISE AUSTIN

THE TOP TRAINER SHARES TIPS FOR LANDING A BODY LIKE GIGI HADID'S

"Eat clean to stay fit — and then have a cheat day to stay sane," advises the *Sports Illustrated* model.

**DO** practice tightening your abs. For a flat tummy like Gigi's, zip up and contract the ab muscles for five seconds at a time throughout the day (e.g., while blow-drying your hair or talking on the phone at work).

**DO** get in 10 minutes of toning exercises first thing every morning. This discipline helps reshape your body fast.

**DO** make sure you eat protein — a hard-boiled egg, two spoonfuls of almond butter, a protein smoothie — within 30 minutes of waking up.

**DO** keep hydrated. Drinking eight glasses of water a day gives you energy and helps with weight loss.

**DON'T** starve yourself. Skipping meals can slow your metabolism. Small portions of healthy foods help boost it and keep you energized all day long.

**DON'T** skip sleep. Aim for eight hours a night. Sleeping decreases stress, which in turn decreases cortisol — a hormone that, when produced in excess, can bloat the belly.

**DON'T** eat late at night. Put a curfew on the kitchen: Stay out of the fridge and cabinets after 8 PM.

**DON'T** let one bad day set you back. Wake up each day with a clean slate and a fresh attitude!

# TWO-FACED!

WE COULDN'T BELIEVE OUR EYES AFTER SEEING **TILDA SWINTON**'S MOVIE MAKEOVER

The star's hair and makeup in *Trainwreck* are a far cry from her usual look!

With her minimal makeup and signature, androgynous hairstyle, **Tilda Swinton** is easy to recognize — that is, until you see *Trainwreck*! In the new hit comedy, the usually bare-faced actress donned much heavier makeup and a shoulder-length caramel-colored wig, and she masked her porcelain skin with an orangey hue. In fact, it was the fake tan that Tilda said most helped her embody the personality of her character, vain lad-magazine editor Dianna. “I wanted to make a sort of disguise for myself, and I started to think, ‘If I had this tandoori tan....’ It just made me laugh,” she shared. “The tan was the beginning of all of it. It all started in a bottle.” Well, the disguise definitely fooled us!

## TAYLOR VS. NICKI SWEETEST SPAT EVER?

After her “Anaconda” music video was snubbed in this year’s MTV VMA nods, a ticked **Nicki Minaj** sniped that all the nominated work featured “women with very slim bodies.” Thinking it was a dig at her model-studded “Bad Blood” video, **Taylor Swift** initiated a heart-to-heart via Twitter. “I’ve done nothing but love & support you,” she wrote, prompting the normally hot-headed rapper to squash the beef, explaining that she was “just tired.” Add another friend to Taylor’s list!

Taylor invited Nicki up onstage if “Bad Blood” wins for Video of the Year. Aww, let’s all hug!
